Subject: FW: EPA Final Action on 2008 Ozone Moderate Area Determinations of Attainment

Hi Sam,

I hope all's well in Northern Sierra! I wanted to let you know that the EPA action reclassifying the Western Nevada O3 nonattainment area to Serious was signed yesterday. Thanks for your help with documentation for this action!

I also wanted to let you know that Wienke Tax in our Air Planning Office will be taking over as planning lead for evaluation of the Serious area plan for Western Nevada. She's great to work with. (I recently took on the role of coordinating EPA Region 9's US/Mexico border work, so I've had to give up some of my SIP work to make time for the new responsibilities.)

If you have any questions about the reclassification, please feel free to contact me. If you have any questions about the status of the plan evaluation, you can reach out to Wienke.

It's been great working with you on this ozone plan. I hope our paths cross again soon!

Laura

Subject: EPA Final Action on 2008 Ozone Moderate Area Determinations of Attainment

Hi Sylvia, Carol, and Webster,

Just wanted to let you know that yesterday the EPA Administrator signed a final action "Determinations of Attainment by the Attainment Date, Extensions of the Attainment Date and Reclassification of Several Areas Classified as Moderate for the 2008 Ozone National Ambient Air Quality Standards "

A prepublication version of the notice and a summary fact sheet are posted at: <https://www.epa.gov/ground-level-ozone-pollution/2008-ozone-national-ambient-air-quality-standards-naaqs-nonattainment>

As you know, this action determines Mariposa, CA attained by the moderate area attainment date, and reclassifies San Diego and Western Nevada to Serious. The action also addresses the Serious area SIP submittal deadlines and RACT implementation deadlines.

Please let me know if you have questions or concerns!

Anita
